

Education Background :

<https://education.com/>

Bachelor of Computer Applications (BCA)

B. P. Poddar Institute of Management and Technology

2023 – ONGOING

Higher Secondary (Commerce)

Muraripukur Govt. Sponsored Higher Secondary School

2022 – 2023

Marks Obtained: **89.4%**

Madhyamik (10th Grade)

Muraripukur Govt. Sponsored Higher Secondary School

2021 – 2022

Marks Obtained: **87.5%**

Skills :

<https://skills.com/>

- **Languages:** Python, C, SQL, Django, Selenium
- **Tools & Platforms:** GitHub, Google Collab, VS Code, selenium, numpy, pandas, Scikit-learn

projects :

<https://projects.com/>

- **Property Price Predictor :** Developed a **full-stack ML** deployment platform using **Django** and **Python**, integrating **6** regression models (**XGBoost, Random Forest, LGBM, Decision Tree, Linear Regression, SVR**) for real estate price prediction with **70+ location support**. Implemented **secure user authentication, session management**, and **dynamic form handling** with **one-hot encoding** for **150+ categorical features**, deployed on **SQLite** compatibility.
- **Full Stack school Portal:** Built **Django**-based educational portal featuring role-based access for **2 user** types, **SQLite** database managing 42 marks fields/student across 7 subjects, notice management with 8 categories and file uploads, **secure session authentication** with **CSRF/XSS** protection, and responsive frontend using **HTML5/CSS3/JavaScript**.
- **Kirana Store Website:** Engineered a **Django-based full-stack retail POS system** with **Python, SQLite, and JavaScript**. Implemented **CRUD operations**, automated **GST billing**, real-time **inventory management**, **user authentication**, and **data visualization dashboard** using **Matplotlib/NumPy**. Features **Excel report generation** with **OpenPyXL**, credit management, and **MVC architecture** with **Django ORM** for optimized **database design**

experience :

Python Programmer Intern

CodSoft – Remote (Virtual Internship)

September 2024 – October 2024

- Developed Python-based projects under guidance.
- Used GitHub for project version control and collaboration.
- Practiced real-time debugging and documentation.

Machine Learning Intern

Ardent Computech Pvt Ltd

July 2025 - September 2025

- Developed *Robust machine learning models*
- *Learn various ML algorithms and techniques*
- *Learn various operations on data(data cleaning, Feature engineering)*

certifications :

<https://certificates.com/>

- **Oracle Certified AI Foundation Associate**
- **TCS iON Career Edge – Young Professional**
- **Certified in Information Technology and Application – AIYCSM**

SOURANIL BASAK

About Me :

Enthusiastic and adaptable BCA Student with a passion for leveraging technology to solve real-world problems. Eager to embark on a dynamic career journey where I can apply my academic knowledge and develop new skills in a professional setting. Possessing a strong foundation in programming languages, database management, and software development methodologies, I am keen on contributing positively to innovative projects and collaborating with talented teams. With a proactive attitude and a hunger for continuous learning, I am ready to embrace challenges and make meaningful contributions to the ever-evolving tech landscape.

Personal Details

Address : 35, Adhar Chandra Das Lane, Kolkata-700067

Date Of Birth : 19th July 2005

Marital Status : Un-married

Citizenship : Indian
